CROSSROADS™ ■ New DigiTech Production Modeling™ technology accurately recreates seven signature Eric Clapton tones.
 ■ Legendary “woman tone” ■ Raw “Crossroads” blues captured live
 ■ Embracing stereo spectrum of a swirling Leslie ■ Intimacy of Unplugged ■ Enduring warmth of “Reptile” ■ Custom artist pedal gig bag and pick ■ DigiTech pedal power supply

In conjunction with Eric Clapton, we have helped recreate some of his classic tones in a DigiTech pedal by applying our new Production Modeling™ technology to create Crossroads™. For the first time, complex studio and live effects can be accurately reproduced thanks to Production Modeling via our AudioDNA® DSP super-chip. If you’re a Slowhand fan or just want to add some unique tones to your effects palette, demo the limited edition Crossroads pedal at your DigiTech dealer today.
