Steve Jones

STEVE JONES LES PAUL CUSTOM

With just one album, 1977's *Never Mind the Bollocks Here's the Sex Pistols*, Steve Jones revitalized rock guitar—shaking it back to its brutal three-chord roots, and defining the sound of punk. This thrilling, groundbreaking album catapulted the band's four members into a chaotic ride that lasted all of one tumultuous year. Throughout, a white mid-'70s Les Paul Custom was defiantly slung over Jones' shoulder as he delivered some of the raunchiest—and surprisingly melodic—playing the first wave of English punk ever produced.

Over the years, this white Les Paul Custom with pin-up girl stickers has become one of rock and roll's most iconic symbols. The Gibson Custom Shop Steve Jones Les Paul Custom is a painstaking recreation of this legendary instrument. The Gibson Custom Shop Steve Jones Les Paul Custom is Gibson's heartfelt tribute to one of rock's most unsung and unlikely heroes, and to the guitar he used to make history.
